10th June 2016 Issue 9

PRINCIPAL’S COMMENTS

CAR PARK INCIDENTS

Over the last 2 weeks there have been 2 incidents in the parent’s carpark. Parents and carers are asked to take care when parking. When parking next to another car, please leave enough space between the cars so students can open the car doors without fear of touching the car next to you.

Please be patient when dropping off or picking up students and always behave in a polite and courteous manner. If any parent does have a concern, please come to me to discuss the issue.

Parents / carers driving dangerously or behaving poorly will be asked to park on the street.

There are many children and parents who make their way to and from their cars and they should be able to do so safely.

ESSENTIAL LEARNINGS

Recently, teachers have been working on a task to prioritise the curriculum in the area of Mathematics. They have had in depth discussions regarding what are the “essential to know” concepts that must be given priority and the “nice to know” concepts that will be taught, but not with the same focus as the higher priority areas. This process is ensuring all staff know exactly what to teach and also, as part of their meetings, teachers are clarifying expectations for all children. The end result should be that teachers will have a consistent understanding of the curriculum, what the high priorities are, what students need to do to achieve set standards and a consistency in teaching methods used. This review is in an effort to raise the academic standards of the students of Movelle Primary School.

PARENT TEACHER INTERVIEWS

THURSDAY 23RD JUNE

Parents/Carers are asked to make sure they have booked their appointment time to see their child’s classroom teacher. At the Interview you will be able to discuss your child’s progress during the first half of the year.

3/4 AND 5/6 CAMP DON’T MISS OUT

Pay your $50.00 deposit to the office to secure a spot on the bus as there are limited spaces left for both 3/4 and 5/6 camps.
**HAIR LICE**

We have recently had a number of cases of head lice in the school. Parents are reminded to check their children’s hair regularly to prevent infestation. If you find lice or nits (eggs) in the hair of any family member, please treat the whole family.

Chemists have a range of products available to treat head lice or nits. Any child or adult can be easily infected by head lice.

Regular checks and prompt treatment are the only means of keeping this problem under control.

Thank you to everyone for your assistance.
