## PRINCIPAL'S COMMENTS

### WINTER

Winter is here, and both families and students need to think about what to wear on those chilly mornings.

A simple singlet or skivvy will keep the chest warm and prevent students being too cold.

### THOSE SICK BUGS

Like everywhere else at the moment, we are experiencing a few illnesses running through our school, with both teachers and students. Parents are reminded that ill students should not attend school. In the past few weeks we have had several ill students at school who should not be here. This is also not fair to those staff and students who are well. So please be mindful if your child is sick. Please help our school community stay as safe as we can and get better quickly.

### NO SCHOOL

Just a reminder that there is no school on **Monday June 12<sup>th</sup>** due to the Queen's Birthday Public holiday. Also **Monday 17<sup>th</sup> of July** is a

**Curriculum Day**, the students first day for Term 3 is Tuesday 18<sup>th</sup> July.

### MORNING TEA

I'd like to invite families to come to the school on

**Friday June 23<sup>rd</sup> at 9am** to come for tea/coffee and biscuits to meet with me. I would love to hear your thoughts and suggestions about how we can make Movelle a better place for learning.

If you would like to attend please let us know in the office. Depending on the weather, Morning tea will be held either at the front of the school or in the GP room near the canteen.

I look forward to meeting you all.

*Come Join Me For Morning Tea*

### PREP ENROLMENTS

We are receiving many prep enrolments for 2018. If you have a child or know of anyone who has a child wanting to enroll in Prep for 2018 please come to the office to get your enrolment form.

### AUSTRALIAN MATHEMATICS

Just a reminder that the completion entry forms and money (\$6.50) to be returned to school by Friday 16<sup>th</sup> June.

### FIVE TO 12 HOMEWORK CLUB

Many of our students have attended the **FIVE TO 12 HOMEWORK CLUB** at Westvale Community Centre in Kings Road. Last week I received news from the program Co-ordinator to say although the program has been very successful with over 6,821 enrolments between 2015-17. It will not continue after the 22<sup>nd</sup> of June 2017.

We have had a wonderful relationship with the program and thank them for the support they have provided our students.

I have listed other **free** tutoring programs in the area and their contact details. Please let me know if you need any assistance or further information.

# EFFECTIVE LEARNING QUALITY AWARD

ROOM	NAME	REASON
Prep/1C	Nase Newth	Thinking back and remembering what he has learnt in previous "Maths Lessons".
	Eve Eddy	Asking questions and wondering about what she is learning in our maths sessions.
Prep/1H	Thien Duc Nguyen	For being a persistent learner and for improving in his efforts to do school work. He is very proud when he completes his school work successfully. Well done Thien!
	Leila Laila	For showing persistence when attempting her written work independently. She is trying hard to write some letters by herself and to copy words. Well done Leila!
1/2 C	Phillip Ho	For constantly making great connections in class, in all areas of learning.
	Charlie Xuereb	For listening to teacher feedback and putting 100% into his handwriting, while writing sentences using exclamation marks.
1/2 BL	Danny Tae	For showing his great persistence when learning to tell the time with half and quarter past the hour. Well Done Danny!
	Beyonce Mai	Showing great determination when improving her automatic recall of the most commonly used words to improve her reading. Great Job Beyonce!
3/4 T	Yuliana Lay	Reflecting on her working in Literacy and Numeracy activities.
	Tony Tran	Using his feedback to improve his writing.
3/4 TL	Adrian Mai	For connecting his inverse operation to a strategy for problem solving.
	Behzad Razi	For reflecting on his Mathletics test and creating a maths goal.
5/6 P	Chanel Trpovski	For her determination to solve addition and subtraction equations, involving fractions with different denominators. By using the Lowest Common Denominator method.
	Mohamed Karim	For his determination to improve his ability to add, subtract and multiply to two decimal places.
5/6S	Diyon Redzepe	For making connections between our read aloud book "Wonder" and experiences he has had in his own life.
	Isaac Chaarani	For being self-aware and focusing on his goals during writing. Isaac has made a conscious effort to stretch out his sentences by adding detail.
5/6 U	Kenny Le	For listening to feedback during mathematic lessons, and for applying feedback to his work. Great effort Kenny!
	Thanh Xuan Tran	For making connections between the vocabulary we discussed during a class read-aloud, and linking the vocabulary to the book she is currently reading. Great effort Thanh Xuan!
